STANDARD OPERATING PROCEDURE (SOP) | DOCUMENT REF: IGNOU/SC-2033/SOP/PKT-2026

COURSE ASSIGNMENT PACKET DISPATCH & EVALUATION LIFECYCLE

Recording, Allotment, Verification & SED Award Protocol (Formed -> Dispatched -> Evaluated)

1. PURPOSE & EXECUTIVE OVERVIEW

This statutory Standard Operating Procedure governs the intake-to-award evaluation pipeline at Study Centre SC-2033. It establishes the mandatory three-stage protocol for lotting student assignment scripts into physical Course Packets, dispatching them to empanelled Academic Counsellors, logging marks, and transmitting SED award lists to Regional Centre Kohima (RC-20).

2. PACKET RECORDING LIFECYCLE MATRIX

Stage	Packet Status	Script Status in Ledger	Mandatory Fields Recorded	Physical / Digital Artifact
Stage 1: FORMED	Formed (Lot Sealed)	Pending Allotment (Script locked to packet)	• Packet Number (PKT-JUL26-XXX-01) • Course & Programme Code • Script Count (Standard 20 scripts) • Candidate Enrollment IDs • Lot Creation Date • Evaluator: Unallotted	• Course Packet Label • Internal Inventory Registry
Stage 2: DISPATCHED	Dispatched (With Evaluator)	Allotted (Assigned to Counsellor)	• Empanelled Evaluator Code • Evaluator Name & Mobile • Dispatch / Handover Date • Expected Return Date (+15 days) • Handover Mode (Desk / Post) • Coordinator Sign-off	• Printable 2-Copy Dispatch Slip (1 Study Centre copy, 1 packet copy) • Google Sheets Course_Ledger row sync
Stage 3: EVALUATED	Evaluated (Closed Packet)	Evaluated / Marks Locked	• Actual Return Receipt Date • Numeric Marks (0 - 100) • IGNOU Grade (A to E) • 4-Digit Coordinator Security Lock • Evaluator Honorarium Bill Ref	• SED Continuous Award Sheet • Counsellor Remuneration Bill (₹25/script) • Student Portal Online Sync

3. DETAILED OPERATIONAL & RECORDING PROCEDURES

STAGE 1: PACKET FORMATION & CANDIDATE SCRIPT LOTTING

1. Lotting Threshold: Front counter scripts are bundled in standard lots of 20 candidate scripts (or remainder pool).
2. Canonical Packet Number: Generated as PKT-{SESSION_CODE}-{COURSE_CLEAN}-{INDEX} (e.g. PKT-JUL26-MPS001-01).
3. Candidate Deduplication: Each student script enrollment is bound to the packet lot, preventing duplicate dispatch.
4. Initial State: Status is "Formed", Allotted_Evaluator is "Unallotted", and candidate scripts remain "Pending Allotment".

STAGE 2: COUNSELLOR ALLOTMENT & PHYSICAL DISPATCH

1. Evaluator Verification: Only empanelled counsellors listed in Evaluators_Master with valid codes are eligible.
2. Timeline: System calculates Expected Return Date (+15 days default from date of handover/dispatch).
3. Universal Propagation: Immediately updates candidate rows in Evaluation Master, Course Ledger, and Google Sheets.
4. Printable 2-Copy Dispatch Slip: Printed at time of handover. Counsellor signs Copy 1 (retained by Study Centre Desk); Copy 2 is attached to the physical parcel envelope for the counsellor's grading reference.

STAGE 3: SCRIPT RETURN, MARKS ENTRY & SED AWARD TRANSMISSION

1. Physical Intake & Verification: Desk staff verify 20 returned scripts against the attached dispatch slip.
2. Continuous Assessment Grading: Numeric marks (0-100) are entered. System auto-calculates letter grades (A to E).
3. Status Lock: Status advances to "Evaluated". Academic Coordinator locks marks with 4-digit PIN against alteration.
4. Downstream Completion: (a) Generates Regional Centre SED Award Sheet; (b) Generates Counsellor Honorarium Bill at statutory rates (₹25/script x 20 = ₹500); (c) Transmits evaluation data to Google Sheets Course_L
